Sincere, urgent acoustic songs with a twist of spoken word. 13 MP3 Songs FOLK: Power-folk, SPOKEN WORD: Poetry Details: this was a live recording of a show nicole played in WA (her home at the time) with cohorts Jeremy Hoog and Clay Krauss. its raw sound showcased the newest vein of her concept of songwriting. just before its release, nicole discovered the world of spoken word performance. a bleed of sorts that occurred at that time. lets just say it got a bit more obscure from there on. \*recorded by jeremy hoog \*mixed by stephanie henderson \*mastered by nicole torres
