The music moves and the message is clear. 10 MP3 Songs GOSPEL: Contemporary Gospel, KIDS/FAMILY: Kid Friendly Details: The greatest event of my life came at the age of 34 when I responded to the Lords call on my life and humbly accepted Christ as my Savior. How life has changed since then! No, it hasnt always been easy, but lifes been significantly better. And I have hope in a future guaranteed by Christ, Himself! My interest in music began at the age of 7 when I started studying piano. In middle school I took up the study of the oboe which continued through high school. I love to sing and remember taking part in a childrens choir at my familys church. After high school I attended Bryant College (now Bryant University) in Rhode Island and four years later graduated with a degree in Office Administration. At the age of 23 I married my husband, Pat, whom I met at Bryant and we set up our home in Connecticut. We have shared many good years and have been blessed with two wonderful children, Samantha (now a teenager) and Patrick (pre-teen). Both have accepted Jesus into their heartswhat more could we ask for. Pat and I spent many years not knowing personally the love of our Lordhow our relationship has grown and blossomed since we both committed our lives to Christ. God is goodall the time! Music has always been part of my life, but it wasnt until I was born again in Christ that I had any real desire or inspiration to song write. Well, that all changed and I find great joy in writing and singing songs that praise God and speak to the heart of people.
