Old world European cabaret meets new world meets pop, dance and electronica 14 MP3 Songs POP: with Electronic Production, WORLD: World Fusion Details: This Chilean-born songwriter, who lives in Silverlake (Los Angeles), once fell under the spell of history, geography, international singers and the old world, or, as better said by a friend, by a triumvirate spell of Latin romanticism, Catholic mysticism and American urban reality, which inspired him to feverishly write music and to make it his career. He has played in some of L.A.'s best cabarets and night clubs and his music is now being featured in the award winning musical Night Of The Black Cat, which will run from November 2005 to February 2006. If you like world music, dance, pop, cabaret and a dose of tragicomic, nostalgic humour, then this music is for you!
