I along with my two brothers took our life blood and put it into our music, our image, our record label. it is the pure untampered with heart of america that may have struggles to overcome but not from the projects, the hood, or ghetto in mentality.We represent conscious music for a conscious people. (conscious entertainment) It is the gumbo of soul. We took alot of different key ingredients about being from the south and we put it in one mixing bowl. We added the flavor from our different lifestyles and struggles and made the perfect gumbo... Our company started years ago in the minds of urban youths in the basement of a house who felt they had something to tell the world. It at first symbolized the whole louisiana growth and uniqueness. With cutting edge lyrics about living in the only state under Napoleonic Law in the U.S. The thick tradition of being the only state with parishes instead of counties. When we started this label it was to be a symbol of much more than rap, R B, or music in general. It is the voice of the south without corruption or gimicks. It is the pure sound of the streets of Louisiana as unique as Mardi Gras.. This record label symbolizes a movement based on music and entertainment. Underground Noize takes hard, street edge beats, soulful lyrics and couragous melodies geared toward a whole new wave of culture and transforms them into a message as final and exact as the bible.It is the concentrated works of men and women who collectively represent a side of society less talked about. I'm speaking for the raw uncut voice of lower and upper middle class society. Our business is solely inspired by T. R. Schiele and A. Schiele. Their struggle created a movement, (thanks Mom and Dad). I dedicate

the lifes work of our record label to the lifes work of those two. In my father, who's favorite subjects always waiver around being real, honest and upfront ,and in my mom, who was the glue in the family teaching us the importance of unity. By that, Underground Noize was created by three brothers, one vision...Let your actions speak volumes about your character.....
