Top Search Engine optimization expert Brad Fallon unleashes his closely guarded secrets to boosting your search engine ranking while your competitions struggling for traffic... Who Else Wants To Discover How To Skyrocket Your Site To The Top Of Search Engines This is the letter most SEO experts do not want you to read. So make sure you read every single word of this message to discover how you can summon hordes of your traffic to your siteno matter if you have NO experience and NO money! Dear Future Savvy Internet Marketer, If you have ever wanted to get loads of traffic to your websitewithout messing around with trial and error most internet marketers have to endure before they get a single visitorthen drop what youre doing right now. Because I am going to let you in on some of the most closely guarded secrets most search engine experts are clueless about. These are secrets most search engine marketing firms do not know--The ones who charge \$10,000 for high search engine rankings and do not do a thing but rip you off! But before I do that, let me tell you about The Difference Between The Savvy Internet MarketerAnd The Person That Makes Barely Enough To Cover The Water Bill! You see, there are two types of internet marketers: There is one who listened to Joe Blow on the popular internet

marketing forums (who has 8,342 forum posts, five stars and consistently gives untested advice that can be downright TOXIC!). They're the ones who'll listen to anybody that APPEARS to be an expert no matter where they come from! Then there is the astute marketer who always questions things when it comes to getting marketing advice. These are usually the big guns of marketing who rake in the BIG BUCKS consistently no matter what the economy! Learning the ropes of search-engine marketing is no exception. There are ALL kinds of charlatans out there who revel in feeding people misinformation for personal gain. The way they see it is this: If I Have SEO Secrets That is Bringing IN the Dough For My Competitors, Then Why Should I Reveal Them TO Anyone? You see, That is just plain scarcity thinking. And That is the toxic thinking that allows the perpetrators to spread lies. do not think you're immune to it it can hit you easier than you think. But there is one guy that knows what is going on when it comes to search engine marketing. His name is Brad Fallon. And he's one of the REAL guys who knows what is what when it comes to stomping the search engines! Here is why you should listen to this guy. He was able to take a piddly little company that sells wedding favors (one of the most competitive niches out there) and make it the #1 ranked site for the competitive keyword Wedding Favors. How did he do it? It was not what most people write about in internet marketing forums. It is actually a set of top-secret strategies You will discover when you invest in: [SEO Secrets Explained How To Conquer The Search Engines And Leave Your Competitors Struggling For Traffic!](#) SEO Secrets Explained is an audio where search engine expert Brad Fallon unleashed some of the potent search engine marketing strategies most experts do not know. When you implement these into your business, your traffic will go up and You will be able to gain customers like crazy! Do not believe me? Check out just SOME of the things You will be able to do when you get a hold of this audio: * How Brad was able to get instant traffic to his site and the type of keywords he concentrated on (most marketers are totally clueless when it comes to this stuff!) * The one secret most people will NEVER know when it comes to harnessing misspellings in an SEO strategy (yes, people DO misspell things when they type into Google! * The format of a website Brad recommends when it comes to siphoning as much optimized traffic as possible (if you think It is a classic website, think again!) * How often should you post to your website? Brad reveals the optimal posting rate that does not cause Google to raise their eyebrows and ban you for life! * Should you or should not you get your own domain? That is the question that'll determine if you're on the first page in Google or on the 23rd! * The lowdown on meta tags and how you should arrange them on your site (what Yahoo looks for is way different than

Google!) * What you need to know about PageRank when it comes to your site (and why you need to get it as high as possible using these tactics! * Does Google Still value reciprocal linking? The answer will SHOCK you! * And a WHOLE Lot MORE! So How Much Are These Covert Search Engine Marketing Secrets Worth To You? You see, there are loads of people out there who do not know a thing about search engine marketing and expect the knowledge to drop out of the sky. These are the people who will blow TENS of thousands on courses and let them sit on the shelf without opening the shrink-wrap! Not to mention all the time You will spend trying to figure it out yourselftime that could be spent building other aspects of your business. Well guess what? You will get the REAL secrets to conquering the search engines without paying an arm and a leg for them on this website. Because I am going to offer this exclusive audio for only \$4.99! That is the price of a couple magazines, Starbucks lattes and DVD rentals. I meanwhat would you rather do sit in front of the boob tube or make some decent money online? The Choice Is Obvious!! So what are you waiting for? Get this exclusive interview with Brad Fallon right now while It is still hot on your mind!
