Details: How often is it that you see a recording artist transform one self from a underground house singer into a main stream sensation? Truth is...not often but Chavell Singleton who prefers to be called simply Chavell did just that. The multi-talented, hit songwriter, vocalist, aspiring actress and budding entrepreneur is officially on the map and celebrates the successful launch of her label Artell Records and the release of her New hit single "Make it Hot" feat Conflict. Of course Chavells commercial success is no accident, it's well earned and well deserved through years of paying dues. Her investment in her company and career is a perfect example of how hard work and perseverance pays off. In all the rising star is a risk taker and a fierce competitor who has overcome many obstacles. She reinvented herself and redirected her career in a new creative direction with a solid strong return Zuquan
