Female Piano-Pop-Rock-Soul. If you like Billy Joel, Elton John or Sheryl Crow, you're bound to love this. 11 MP3 Songs POP: Piano, POP: Folkly Pop Details: Best described as 'the Female Billy Joel at his best', "This is the Way" was released in June of 1998 to critical acclaim by BILLBOARD MAGAZINE, PARADE MAGAZINE and HOLLYWOOD REPORTER. Two months later, Eden White opened for Sarah McLachlan in Bryant Park, New York City, to an audience of 10,000 and ended up selling over 3,500 copies internationally - mostly due to word of mouth and east coast tours. Not bad for a record which was made on an \$8,000 Master Card line of credit. This record, consisting of 11 tracks from tear-inducing ballads like 'Song Unsung' to hard-funk grooves like 'Hungry', that won't leave your brain, represents the musical continuum and leaves no stone unturned. "This is the Way" exemplifies Eden's abilities not only as an awe-inspiring musician and vocalist, but as a phenomenal songwriter. Triple A tastemakers should NOT pass up a listen - she deserves to be huge.
