Unforgettable lo-fi tunes that burrow into your brain and refuse to leave. melody. rhythm. words. 12 MP3 Songs POP: Beatles-pop, ROCK: Acoustic Details: "Unless you're from Ventura County, Ca you're more than likely to never have heard of Franklin for Short. This unlikely trio have remained faithful to their local surroundings since their start nearly three years ago. A growing buzz about the band is ever present in their home towns from local publications to the snobbiest of scenesters, franklin for short have won them over with a one of a kind sound. "In the Dark", the band's third release (Slept In CDLP, Wildcat CDEP), is stated to be their best yet, a step in a new direction. Packed tight with catchy choruses, smart lyrics, unforgettable bass lines, and an unstoppable beat. With themes ranging from love both gained and lost, friendship, and coping with the situations of everyday (everynight) life, these songs can be related to by anyone anywhere. franklin for short have always prided themselves in the songs they create, almost as if they write each song as if it could be their last. their stripped down sound allows each song to breathe easy, and the bare bones beauty easily shines through. We hope you enjoy this record half as much as we do."-Goon Squad Zine #1
