Packed with fiery Spanish guitar, fully orchestrated Baladi Gypsy string section, burning Afro-Latin percussion and sensual Flamenco and Belly dancers, this 8-piece act raises the roof and lights-up skies of any concert grounds they land on. Tambura Rasa blends genres and cultures from every continent on three powerful albums starting with the release of Sunrise on a New World in 2004. In 2006, the band followed that CD up with Viaje (Journey) and then with the latest project in 2008, Kamanala (Sanskrit for Fire of Love). This compilation offers some of the compositions from these three CDs remixed in various electronica styles.
