A blend of Rock and Soul with 5 part harmonies. 13 MP3 Songs ROCK: Acoustic, URBAN/R&B: R&B Pop Crossover Details: A mixture of all genres mixed into one, making a refreshing change. All becomes one great sound. An not too up, not too down kind of feel. The sound is best described as rock n' soul. Little sista is five black girls, all sisters (real sisters) singing rock and roll backed by a five piece band of players. Ravens are known for helping and protecting each other. If a baby raven is in danger, Ravens will as a collective group fly down and protect the baby from harm or danger. The album features this idea in all walks of life. It shows us that life goes on, and that we can weather the storm in love, failed or successful, and in how we deal with the world in general. We are not alone if we rely on family and freinds to protect us from harm or danger. Musical influences of the group are the rolling stones, tina turner, america, stevie wonder, earth wind and fire, the isley brothers, jimi hendrix, and joplin want a little little sista history? little sista first appeared on the l.a. music scene in 1996.
