

Mp3 Mark Mcadam - Boy Wonder

[DOWNLOAD HERE](#)

Indie-rock meets tin-pan alley in this collection of beautiful, broken tunes and ingenious lyrics. 13 MP3 Songs POP: Quirky, ROCK: Americana Details: Mark McAdam is one of the former singer/songwriters from the acclaimed, ill-fated rock band SUMACK. You may have seen them on tour with Gomez or Tahiti 80 (among others) but Boy Wonder is a decidedly more personal and introspective project than you'd expect. McAdam, a New England native, recently abandoned his makeshift home in Los Angeles and subsists on New York's Lower East Side. This is his first nationally-available solo record. Players on Boy Wonder include members of Cake, Sumack, and The Low Sweet Orchestra.
