## **Mp3 Melt - Rock: Modern Rock**

## **DOWNLOAD HERE**

Female-fronted rock blend of 70's punk, 80's new-wave and early 90's alternative. "Eclectic mix of music that will satiate popsters, punkers, rockers and retro-freaks." - Marci Persky, rock critic 10 MP3 Songs ROCK: Modern Rock, ROCK: 80's Rock Details: Comprised of five longtime friends and offering a sound deeply rooted in the early punk and new wave movements, Melt is a unique addition to the rock music scene. Given the band's ability to write instantly memorable pop hooks, Heather's alternately haunting and ferocious voice and Sam's scathing guitar sound, it is no surprise that Melt has inspired fans and critics alike to draw comparisons to Blondie, Concrete Blonde and The Pretenders.
