I have a mesmerising surprising make u wanna be biting flows like a titan throwing down lightning 7 MP3 Songs POP: Today's Top 40, HIP HOP/RAP: Hip Hop Details: CDBaby: what is something you like to mention about your album? Mr.Bleed and Company: I am at the point where people are getting the benefits of my music in the long run you would be glad to to have bought my cd,which i have for sale during the XMAS Season for \$5.00 each, as its upbeat tempo will get you doing things with a better mood in all walks of life. All proceeds will go to more work for me. I enjoy writing down alot of shit and making it to the studio. and I have interests in working out and playing basketball pick up games. and maybe you might know me from the gym or park. CDBaby:Can you entail your song titles and describe something about it? Mr.Bleed and company: The first song: Put on the best describes me and what i do on the microphone at shows. Bigmouth is a song that describes a person being a bigmouth and saying things but its great that this person isa bigmouth and something to say. Give me a match is something i am asking for when i'm at the Boxing club waiting for Fight Night. I have participated in 6 of them and have won Trophies and medals eventually in the Finals at these smokers. The song checkpoint is something else, it is an intro to somethings i do in my daily life and activities i would do if i were to get a music award. Thank you is a song that i like to make a tribute to my friends and them ladies i meet but haven't had a lot of time to get to know but thanking that i've met and showing my love and appreciation for the respect that is given. Just a call away is a song that's describing me with them songs that i have that are off the hook and things i would like to say and have done and just somethings that would help a person out. Take a look is the last song on the album that i look to see is the favorite for the bballers and sportsfans addicts. it describes some of the moods of basketballers that i play with on the court. CDBaby:Great job! hopefully we can hear from you more and like to thank you for coming onboard with

us. Your a good edition to the CDBaby family. So, do you plan on making cd's for people at \$5.00 each or will you want to take a chance at getting a contract somehow? Mr. Bleed and Company: yea sure would like any of those options. I don't really have a lot of money right now so any options in the form of making money off of my cd will help me. I'll probably open a bank account or get some gift cards ohh yea and i would buy something for those day to day, week to week, month to month, year to year things in mind. But the main goal is to get a contact and reach all of my fans through support. CDBaby:
