A blend of Ambient, Acid, Electronic and breakbeats. 14 MP3 Songs ELECTRONIC: Breakbeat/Breaks, ELECTRONIC: Ambient Details: About the Album Episode Two : Escape To Your Brain With this Album I wanted to explore different breakbeats and some acid lines. Blending bass lines with bright Strings and Pad sounds. I have also increased the tempo of the songs to about 150 bpm , to make them flow a bit better. I am a big fan of deep bass sounds like Roland sine basses etc... The overall feel of the album is about combining many sounds into one and blending them together.
