PLR! RE: Fast & Easy Product Profits From: Timm Miller Dear Marketing Friend, Do you struggle to make money online -- have you tried and failed to create profitable products of your own? Do you find it takes you weeks or even months to create a single product while other marketers seem to be releasing sizzling hot new products every other day? Do you find yourself scratching your head and wondering how they can pound out profitable product after profitable product -- seemingly without effort? Let's be honest here - creating profitable information products can be a complex and lengthy process, particularly if you are not used to creating products or writing. Many marketers come from backgrounds where they didn't have to write a lot, so they are completely overwhelmed by the whole idea. It's not unheard of for new marketers to spend 3 to 6 months creating their first product. During this time, many marketers aren't earning from their online activities and a fair percentage fall by the wayside and give up on their dream because it

takes so long to create profitable products. But what if there was a short cut? ... some way of speeding up the product creation process so you could become an info product creation machine -- flush with a portfolio of highly profitable products -- all bringing you fantastic hands free earnings every single day...

The Secret Shortcut To Product Creation: The answer to your Internet success and your product creation woes is the brand new multi-media training program, PLR Tidal Wave. This 12 part, step by step course shows you a simple (yet extremely powerful) method of creating profitable information products from other people's work -- FAST. You will be shocked at how cheaply you can buy decent PLR products and convert them quickly into profit. Many marketers have a herd mentality and when they buy PLR it either sits on their hard drive gathering dust or they turn it around and try to sell it as is. Guess what ... they are sabotaging their own success! You can easily profit from PLR just by doing a tiny bit of work. The PLR Tidal Wave program will show you exactly what you need to do in order to take raw PLR products and transform them into money sucking businesses in and of themselves. It is so much easier than you think -- and anyone can do it, regardless of education, skills or background! No matter what your level of experience, you can create your own profitable products from PLR using this simple, secret step by step method. PLR is a goldmine, and now you can tap into and extract as much wealth from it as you want -- almost on command!

PLR Insider Exposes The Truth Behind A Highly Profitable Business Secret... I create a lot of products. And I mean a LOT. It's not unheard of for me to create a dozen products in a week ... and that is all without outsourcing. Most of these products become profitable for me on my first sale and many of them earn me a sizable income for months. You are probably wondering how it is possible to create that many products (all high quality products at that). Simple, I use PLR products... I use PLR products to create passive income from sites that sell on autopilot. It's easy and VERY lucrative... The PLR Tidal Wave is the sum of my knowledge and will show you how to create profitable products every single day. Imagine if you created just 5 products a week (you take the weekends off to enjoy life). In a year that's 240 products... Each product earns you an average of only \$10 a week (and this is a super low estimate to demonstrate the profitability of this model). At the end of the year, your info products will be earning you \$2,400 a week! That's almost a quarter of a million dollars a year! What if you did some haphazard promotion and increased this to a measly \$20 a week or more? There is some serious earning potential here and it adds up FAST!
