

The Spanish Holocaust: Inquisition And Extermination In Twentieth-century Spain - Paul Preston

Long neglected by European historians, the unspeakable atrocities of Franco's Spain are finally brought to tragic light in this definitive work. The remains of General Francisco Franco lie in an immense mausoleum near Madrid, built with the blood and sweat of twenty thousand slave laborers. His enemies, however, met less-exalted fates. Besides those killed on the battlefield, tens of thousands were officially executed between 1936 and 1945, and as many again became "non-persons." As Spain finally reclaims its historical memory, a full picture can now be given of the Spanish Holocaust-ranging from judicial murders to the abuse of women and children. The story of the victims of Franco's reign of terror is framed by the activities of four key men-General Mola, Quiapo de Llano, Major Vallejo Najera, and Captain Don Gonzalo Aguilera-whose dogma of eugenics, terrorization, domination, and mind control horrifyingly mirror the fascism of Italy and Germany. Evoking such classics as Gulag and The Great Terror, The Spanish Holocaust sheds crucial light on one of the darkest and most unexamined eras of modern European history.
