Frenchmans Cap tells the story of Australia's most majestic mountain and 'one of the world's great wilderness walks' - a must for any modern day adventurer in Tasmania. Named by convicts in Macquarie Harbour's infamous prison in the 1820s, Frenchmans Cap has captured the public imagination as an icon of freedom, adventure, and terrifying danger. From escapee convicts to bushrangers, from pioneer explorers to modern day rock-climbers, this book brings to life the record of many remarkable and life-risking efforts to reach the peak of this mountain. Kleinig treats readers with mysteries such as the French female, known only as 'Nicole', who became history's first woman to climb the Cap, in 1935. Vivid descriptions of the treacherous beauty of this mountain will enthrall any reader with a love of nature. This book also records the struggle to protect the Frenchmans Cap region from industrial development, even after it became a national park in 1941. It is a joy to read that this jewel of Tasmania has survived degradation from men and bushfires, and is now protected for future generations to enjoy.
