What was the mysterious power Corporal Robert Karza had that fascinated young women and drew to him the friendship and admiration of his comrades? What was it that enabled him to be a superior recruit and a superior Marine with little apparent effort? The brass in the Marine Corps wanted to know.

Wounded in Iraq but recovering, Karza was the focus of attention of a group of high-ranking officers who sought ways to develop superior recruits. Turned out he was simply the product of his mother's training, which she called "SSG." It also turned out that SSG was exactly what could enable this cabal of officers to create and sustain a great new America. Portrayed against the frightening background of the Obama regime, the Iraq and Afghanistan wars and the struggle of Americans to defend themselves against the horrors that confronted them, the Karza story plays out in contemporary America.
