LEARN TO PLAY GUITAR

If At First You Don't Succeed...
The first time you pick up a guitar and to be fair, you will probably not get very far beyond strumming the strings a couple of times and getting a noise that is on the very far outside why of what is considered 'music'. It's the same for most guitarists first time around, no matter how brilliant they go on to be. The tricky part can be keeping... (Read more of this article)

Finding A Guitar Teacher The Easy Way
Everyone who loves guitar-based music thinks, however truthfully about how wonderful it would be to be able to make that music themselves. Some of us give up at an early stage, convinced that the physics and the art of the guitar is one of those things you can either do or you cannot. For those of us with more perseverance, it is then a matter... (Read more of this article)

Can You Learn Guitar From A Book?
One of the most time honored ways that people get started when learning the guitar is to buy a 'primer' - a book which explains, often using pictures, how to learn the correct fingering techniques to get a tunable sound from a guitar. There is certainly a benefit to being ready to learn from such a book - it lets you see the basics, how to hold... (Read more of this article)

You Won't Succeed Like That To Start With
There are a lot of people who believe in 'talent' - it is clear and so pure that simply following by what they create makes you worthy of it. Some are so amazing that they make you want to sing, or dance, or jump about the room like a maniac, and some songs which would be nothing, absolutely nothing, without that guitar-led intro that... (Read more of this article)

Would You Rather Be Good Or Famous?
There is an old parable which relates to humility and goes along the following lines: A young musician is visited by a magic genie who says he can give him a choice between two wishes. He can make him incredibly talented at playing his guitar but unsuccessful commercially, or incredibly successful without having any talent... (Read more of this article)

Smashing Your Guitar - Read On! You've Got A Few
One of the things that any self-respecting rock god must have done a few times in their life is one of the dumbest things a musician can do - but apparently irresistible nonetheless. When you finish playing a set, you take your guitar above your head, strike a pose and then smash the instrument against your amp. There are many bands who have managed... (Read more of this article)

The Creative Edge - When It Strikes, You Cannot Ignore It. The Creative Edge - When It Strikes, You Cannot Ignore It
There can be very few men in the world who will not admit - no matter how long it takes them - to having at some time in the past many of them in the past half an hour if they are honest standing in front of a mirror playing an guitar. Some will admit, equally shame faced, to having used a prop to enhance their pretentious guitar skills. Mathew... (Read more of this article)

Setting Out - The Accusations You'll Need To Prepare For **Setting Out - The Accusations You'll Need To Prepare For**
The world of music can be a pretty nasty place when you start. Whatever people might say about it being tough and lonely at the top, what do you think Steve Jobs is a bad example? Or you think Chris Martin of Cold White has particularly slighted when people criticize their voices? No, they have got the toughest set out of the way because from starting... (Read more of this article)

Has It All Been Done Already? Has It All Been Done Already?
There is a broad school of opinion that holds most of the music on the market today to be derivative, copied from famous acts of the past not creative enough. When a new band pass up and becomes popular, there always seems to be a caveat attached to the single music experts: "The Beatles? They're OK, but they sound like a cross between the Beatles... (Read more of this article)

The First Time Guitarist's Shopping List **The First Time Guitarist's Shopping List**
If you want to become a musician for fun, for profit or for any other reason, there is no escaping the fact that a whole lot of money will need to be spent. Time and money are just two of the investments you will need to make to do it properly, and it is fairly important to get value for money in the early stages. Being able to learn the guitar means...
