Alternative Acoustic Pop 12 MP3 Songs POP: Folkly Pop, POP: Quirky Details: The first release from Eric Hester in over four years, *Blue Tattoo*, is a songwriting tour-de-force. In it Eric incorporates elements from his alternative rock past, yet still keeps his folky sensibility. *Blue Tattoo* features several of the same musicians as his critically acclaimed release *RED*. Once again he draws on the production skills of Nashville renaissance man Craig Carothers, and some of the Nation's finest musicians including Andrea Zonn (Vince Gill), Phil Baker (Donna Summer), Joe Heinemann (Delbert McClinton) and Claudia Holden (The Peaceful Dead). With tracks like *MTM* and *Cannonball* already receiving serious airplay around the Midwest, *Blue Tattoo* promises to take Eric Hester's music to an even larger audience.
