

Mp3 Jon Dalton - The Gift

[DOWNLOAD HERE](#)

A mighty jazz guitar album. The music is a tantalizing blend of smooth and be-bop guitar styles served over warm R&B beats and "widescreen" orchestral back-drops. 10 MP3 Songs JAZZ: Smooth Jazz, URBAN/R&B: R&B Pop Crossover Details: What do BBC Television, The Weather Channel and scores of broadcast, internet and satellite radio stations have in common? The answer is simple. They've all been delighted to present their viewers and listeners with tracks from jazz guitarist Jon Dalton's acclaimed urban/jazz CD "The Gift". The CD blends traditional mellow jazz guitar tones with smooth R&B beats and rich orchestral backdrops. The result is a recording that satisfies in the way that classic albums always did and newer releases seldom do. The title track "The Gift" has been a favourite among broadcasters and reached #1 on the CIM Smooth Jazz listener chart. This is no one-track-wonder, every cut tells it's own special story. Jon doesn't just play the guitar, he takes you on a soaring journey through the emotions of time and space. TheJazzNationcalled this beautiful recording: "Truly a gift from the heart." and guitarsiteasked: "Could this be a new genre classic?". Why not order your own copy and join the thousands of people who have already tuned into Jon's unique music.
