Mp3 Minan - Waves

Catchy melodies, snappy rhythms and meaningful lyrics making up a collection of pop songs put together in a straightforward electronic produciton that is kind of like 50's, 60's, 70's (and so on) fused with 21st century techno (not really techno) elemnt 14 MP3 Songs POP: Folky Pop, EASY LISTENING: Soft Rock Details: One after another, the waves that crash upon a shore make an impact that eventually changes the shape of the shoreline. Although appearing to be identical, no two waves are exactly the same. So it is with you and I. As part of the human race, we are all the same, but, as individuals, we each have persnoalities and characteristics that are distinctive and unique. Naturally, as can be observed throughout all of nature, there is a measure of self similarity. Still, it can be said that you (and I) were made to be like a wave set free. A wave set free can and will have an impact that cannot be had with a wave restrained. WAVES, the album, is a collection of songs that could, I suppose, be considered reflective of the concept mentioned in the above paragraph. , as individuals, we really are important when, like a wave set free, No matter what you are doing, no matter what you may own, nothing compares to what you are inside, nothing compares to that at all. This, of course, comes from the first song on the album, called "NO MATTER". In "BE YOURSELF", Minan sings: "Be yourself. No one else can be you. Be yourself. Nothing else would be true. You can't be yourself sitting on a shelf." , (: !
