Future music; dark atmospheric soundscape music mixed with trip hop and indie guitars. eerie vocals blend in as well. 15 MP3 Songs ELECTRONIC: Ambient, ROCK: Progressive Rock Details: 'MINI LiFE - Pioneer 10', the debut album by MINI LiFE is a deep dark trip into another world of soundscapes and electronica. Indie guitars flow in here and there and eerie vocals tell 'some' of the story. Dark ambient soundscapes, the sound of the big urban city. If feeling alone, you feel more alone in a setting surrounded by a lot of people, than actually being alone on the top of a mountain all by yourself and the nature. You could probably say that MINI LIFE is the music expressing that actual feeling. "web review"
