A psychedelic journey through time that will leave you wondering how you wandered so far from reality 11
MP3 Songs ROCK: Instrumental Rock, ELECTRONIC: Experimental Details: Life and Death is the first
birth of mushmosh. Listeners looking for the unordinary will latch on to mushmosh music. A psychedelic
journey through time will leave the listener wondering how the last hour of time seemed to vanish in a
matter of minutes. A sense of reality lost. Maybe exactly what you're looking for. Clever images in the
artwork that comes with the cd will keep most answering their own questions of life and death. 13 different
people + 13 different interpretations = 1 great cd !!! To make matters BETTER, the music stands on it's
own merit. A wonderful blend of melodic guitars and creative rhythms combined with odd time signatures
that actually GROOVE makes this cd a pleasure to listen to and a must for your cd collection. If you're
looking for mainstream pop, this isn't the cd for you. Otherwise, this one IS worth your time and money.
Make room for a new artform: It's name is mushmosh !!
