French acoustic gypsy music inspired by the greatest guitarist of all times: Django Reinhardt. We also blend many world music sounds into it. 11 MP3 Songs WORLD: Gypsy, WORLD: Western European Details: "Do not miss an opportunity to see one the greatest guitar players Ive ever seen ...and I dont say that lightly." Josh Baron, Relix Magazine "a John Coltrane-ish search for a moment of musical nirvana..." Phil Gallo, Variety "Don't miss this opportunity to see a truly astomishing talent in action" All about Jazz For this new album, I've been focusing more on compositions, and on the mood. I didn't want it to be another Django cover kind of album. You'll find various influences : Django, Middle East, and maybe some impressionistic colors too. I like to think of Music as a soundtrack. Depending on your mood, your position in Time and Space, your personality, your culture, you'll appreciate different styles of music at different times. I never listened to the notes but always was drawn into the mood, and that's how I expect this album to be : a suite of moods helping your soul to travel. "The disc shows off Wrembel's limber chops in a variety of settings, including ebullient French-Gypsy swing, moody ballads, sultry raga-influenced numbers and a lithe cover of Mongo Santamaria's 'Afro Blue'. " Time out NY People who are interested in Django Reinhardt The Hot The Club Birli Lagrne should consider this download.
