Details: The Winstons is a self-contained band based out of Washington, D.C. The band is performing the 1969 hit record "Color Him Father" all over the country. The band was formed by Jumpin' Joe Phillips, who has been music director/guitarist for many well-known recording acts such as the Stylistics, Delfonics, Harold Melvin and the Blue Notes, Eddie Holman and others. You don't want to miss the Winstons and their full orchestra in concert doing their soulful ballads, upbeat dance songs, and songs from their latest CD titled "The Winstons". The CD includes the William DeVaughn remake of "Be Thankful (for What You've Got)", (the new) "Color Him Father," "I Love D.C." and "Everything's Gonna Be Alright" that contains a groove with a hip-hop flavor.
