

Mp3 Trey Octave - Tennessee Whiskey

[DOWNLOAD HERE](#)

Hands down the most creative and lyrical rap artist to ever come out of Tennessee; if you're looking for originality it doesn't get much better than this. 14 MP3 Songs HIP HOP/RAP: Hardcore Rap, HIP HOP/RAP: Southern Style Details: The beats are real f*ckin wicked. Some of them are real mellow, but most of them are dark. The lyrics are real dark oriented too. At the same time, he' got some tracks on here that are very lyrical. Like one called "Battle Art" where he just flips like he's from the east coast or something. Like he's got a dictionary in his hand while he's writing, metaphors and all that. He's very lyrical and he's rapping over the most sinister beats. It's a good combination. Boodah Man MURDER DOG MAGAZINE
