Alternative ambient Downtempo World 17 MP3 Songs ELECTRONIC: Down Tempo, ELECTRONIC: Ambient Details: Vampire Nation returns with their 10th CD entitled Dead City Diary. Recently reviewed in Outburn magazine they compared the music to Delerium and Tangerine Dream. Artist: Bio Around 1994 musicians fed up with the commercial woes of the industry launched a far reaching, controversial and highly political project that would explore civil rights through historical inaccuracies. Taking the name Vampire Nation as a reference to the lifeblood being sucked out of their mother country the band musically exploded with a vast number of exquisite works. In 1999 Vampire Nation spawned a worldwide F.B.I. investigation for their controversial philosophy. Even so the band continued launching releases that challenged *pop* music for being a fluttering farce and further cemented their cult status, and now the saga continues...
