Werkz of art is the culmination of musical styles thrown into a blender mixed with an array of hip hop, electronic, and ambient beats to give you an unique musical experience. 15 MP3 Songs
ELECTRONIC: Ambient, ELECTRONIC: Funk Details: Werkz of Art started in 1997 with just an idea to create a different style of music that people could not define easily when they heard it. For the past few years, werkz of art has taken bits from all of their musical roots to give the listener a unique blend of sounds with funk, ambience, electronic, trip hop and a lot of energy to dance to. Now, we feel its time for the world to hear our music. Werkz of art have been sampling their songs on various websites around the world, but now werkz now wants to hit everyone from the computers, mp3 players, and Ipods to the record stores. So after 7 yrs., the world will get to hear the beginning of the life, love, and madness experience in our music. Werkz of Art is still trying to reach a definitive sound that someday people all ages will enjoy, so bear with our growing pains for the love of music. So sit back and enjoy the musical journey with us or until the electric company pulls the plug on our equipment.
