Comes with two UNANNOUNCED BONUSES! Are you looking for an easier way to create great looking mini sites? This new Amazing Mini Site Template will allow you to... Quickly and Easily Put Together a Professional and Nicely Formatted Mini Site Yourself, Any Time You Need To! No tech skills and no special software required. If you sell products online, you know that it could be a hassle to get a new site up every time you have a new product. You not only need some nice graphics for your site, like a cover image for your product, and maybe a header, and an overall template, but you also need nice formatting of the sales page itself (things like text, bullets, testimonial boxes, etc..) That's why this "Amazing Mini Site Template" was created - so that you can quickly and easily put together a professional mini site whenever you need to! The main thing that makes this template special is that here you not only get a nice overall template design, but also all the inner page stuff like the text, bullets, testimonial boxes, order area, etc.. All of this stuff is already nicely formatted for you in CSS and HTML, so all you have to do pretty much is copy and paste your own details, and you have a professional mini site ready to go. Even if you don't know anything about CSS and have little HTML skills, don't worry! This template is very easy to use. There is no advanced coding and "tech weirdness" involved. It's a basic "what you see is what you

get" template. No advanced technical skills required and no special software required. You just need some basic HTML skills and any HTML editor you already have. You can use this template as a foundation of your new mini sites, instead of starting from scratch. Or you can take the parts you like and add them to your existing template that you already use. You get pretty much everything you need like all the different headlines, bullets, testimonials boxes, etc. Plus you can add your own graphics or CSS styles. So, here is what you get: \* 1 Highly Customizable Template \* 4 Template Variations+ 7 Colors for Each Variation! \* Full PSD Source Files to Everything BONUSES: BONUS#1: 21 Header Graphics Templates - FULLY Customizable! (PLR): This package contains 21 header templates in .PSD format and .JPEG format (blank), plus 21 sample templates in .JPEG format. These 21 headers are FULLY Customizable!
