Comes with FULL Master Resell Rights, and two Mystery BONUSSES! Digital Product Demon is A fully automated Sales, Thank You, and Download System for PayPal, ClickBank, and Ejunkie Merchants! Are you selling digital products from your WordPress Website? Then Digital Product Demon is for you! Digital Product Demon is a simple, easy to use plugin that does exactly what most WordPress site owners want when selling digital products from their WordPress website. Digital Product Demon coupled with WordPress will let you: * Easily sell digital products with just a PayPal account - PayPal is easy to use,

but it doesn't provide a way to hide your ThankYou page or protect your download links. Digital Product Demon makes it easy to do both. It'll hide your Thank You page so that only valid customers can access it and it will expire your download page and encrypt your download URLs so that your links can't be shared or posted on "pirating" forums. * Support multiple products in a single ClickBank Account - Digital Product Demon lets you use separate sales, thank you, and download pages for each product you define. That means that you can place multiple products in 1 ClickBank account but still display individually crafted sales pages for each product. * Automatically cloak your affiliate links - The benefits of cloaking affiliate links have been discussed frequently on this forum and elsewhere. Digital Product Demon's AFFILIATE mode handles this for you automatically! * Protects your Download Pages - Download pages can only be accessed through a link that includes the buyer's purchase information. These pages are also set to expire after a period you specify - usually 3-5 days after the purchase. * Protects your Download Links - create ugly, cryptic, expiring links that can't be easily shared or posted on freebie forums * Hide your digital product's actual URL - anyone who sees your download link won't have a clue about what your download filename is. Everything's all screwed up with numbers, letters, and special characters that don't mean a thing to anyone but YOUR software. * Automatically generate PayPal, ClickBank, and EJunkie payment buttons - saving you tons of time fighting PayPal's button factory or customizing your own ClickBank buttons. Plus, because Digital Product Demon is a WordPress Plugin, it: * Is Easy to Install - WordPress is known for its "5 minute install" and installing WordPress plugins (like the Digital Product Demon) is a cinch * Is Easy to Maintain * Makes it Easy to Add Content - including new sales or review pages * Is Super SEO Friendly - Google and Yahoo really LOVE WordPress * Is Easy to Customize - both visually with WordPress themes and functionally with WordPress plugins. * Supports the largest, free, most widely used payment processor in the world (PayPal) * Supports the largest digital products affiliate sales network in the world (ClickBank) * Supports one of the largest digital products delivery sites in the world (E-Junkie) This product comes with MASTER RESELL RIGHTS! To make the deal even sweeter for you, we are even including two announced bonuses with it! Only those who purchase this product from us would be able to get the bonuses at NO cost! So what are you waiting for? Order today. 30-day money back guarantee!
