Lead Capture Page

[DOWNLOAD HERE](#)

You know one of the biggest keys to having a successful internet marketing career is to have a list. Well you may ask whats the best way to build a responsive list. The answer is simple, Giveaways. YOU MAY BE SAYING TO YOURSELF how will a giveaway make me successful. It works like this you ask someone to give you their name and email address they click submit and verify their email address then they get directed to a download page after successful verification, you get their email address added to your list they get your free offer to download. The newest tool on the market to make all this as simple as 123 is LEAD CAPTURE PAGE GENERATOR. Some powerful Features of Lead Capture Page Generator are: Choose from any of the 10 included FLASH templates Add up to 6 fields of information to collect from user Set your download page URL Edit your emails that are sent to users Download email address from individual lead pages to CSV format View signups and leads captured Edit form fields on the fly after you have created lead pages. Delete lead pages.... CHARGE YOUR CUSTOMERS USING THIS UNIQUE SERVICE Grab code to put lead capture pages on ANY WEBSITE without the scripts being hosted there this allows you to manage all from one central location And much much more
