NEW AGE: Relaxation, NEW AGE: Self-Help Show all album songs: Connections Songs Details: For many years Dyan Garris has been counseling clients in order to help them move positively forward in their lives. She is clairvoyant, clairaudient, and clairsentient. In addition Dyan is also what is known as a voice recognition psychic and trance channel. This means she can help her clients via phone, which is how she conducted her readings throughout her career. Dyan became aware of her clairvoyance and other gifts at a very young age. She spent years learning how to use these gifts to help others. In 2005 she created a CD series of music and meditation (all available separately) for self-healing, relaxation, chakra balancing, help in sleeping, and vibrational attunement of mind, body, and spirit. Dyan's music can be heard nationally and internationally on numerous radio stations. "Spiritus Sanctus" Volume 1 and 2 are radio version music only compilations from the series. Dyan is the author and developer of "Voice of the Angels Spiritual Cards" which is a 30 card deck of angel cards based upon scenes from the guided fantasy on her first music and meditation CD, "A Healing Journey-The Voice of the Angels." Dyan writes a "Daily Channeled Message" which posts on her website every day. Recently she authored "The Book of Daily Channeled Messages" which is 180 uplifting and inspirational angelic messages. The book can be used as a Bibliomancy tool or as angelic guidance for the day. Her new book "Voice of the Angels Cookbook" is an adventure in opening the creative centers and being fully present in the moment. The book includes twelve food-related channeled messages such as "The Measure of Success," "Ode to Popcorn," plus several "Intuitively Speaking" paragraphs which explain how to prepare the recipe using one's own unique creativity.
