Here's what the critics are saying about Soho Strut: "This set is a wonderful excursion into the realms of modern contemporary jazz, some may say smooth but I think it is more urban than that... a wonderful modern day jazz set which will delight contemporary fans and one which we will certainly be featuring on the EuroCLubdeJazzproject in the coming months." Wes Gillespie / euroclubdejazz.com "Jack Prybylski steps forward to strut his own stuff on his solo CD entitled Soho Strut. Finding a nice mellow groove, this smooth jazz style sticks close to the sounds of David Sanborn, Richard Elliott and Bobby Militello." Bob Silvestri / BestofWNY.com "From shuffle to strut, you are taken from Nickel City to Soho. Give Jack Prybylski 's CD, Soho Strut, a listen... it's a listen that's sure to please!" DJ Fazio / thejazznation.com "This is an album of beautiful, meaningful, creative music that sounds as refreshing as anything. The music is intriguing, melodic and emotional, and features world class playing throughout by Mr. Jack Prybylski" Tim Price / Selmer saxophone clinician, professional musician, author and music journalist "New York Saxophonist Jack Prybylski is proof that you don't need a major label to produce a remarkable contemporary Jazz release... Unbridled, non-formula Smooth Jazz, with a penchant for melody, energy and passion." Rob Moore /
