A mix of ballads to break your heart and lyrics so raw they will make your world spin. A beautiful album from the soul of an artist set to move your world. 12 MP3 Songs FOLK: Folk Blues, POP: Piano Details: I was always a plonker -used to play piano and make up tunes since I was 8 years old. When I was 20 I decided that music was my thing and went to music college. After that I sent lots of demos away and was signed to Positive Records an Indie Label in Colchester where I recorded my Debut Album - Missionary Girl. The Album was made and then released but due to no promo nobody knew it was out there or who I was. As a result I had no funds and needed to work to get by and so moved to the Isle of Man with my hubbie to find work. We both found jobs and got on with our lives and Missionary girl was forgotten. I continued to gig my songs and covers and am still playing gigs in the Isle of Man which I now earn my living from. I have had two beautiful babies who are just the best children in the World - my love for them and my hubbie is infinite. I still love plonking on my piano and writing songs. It has taken a big blow for me to regain my interest in the music business as in August I was diagnosed with breast Cancer and am going through chemo at the moment - but it has made me appreciate that life is too short - so here I am again but this time on my terms. I never wanted fame - just for my songs to be heard - and now - with a little help from my friends I can do just that. Cancer is changing my perspective on life - making me a more positive person and allowing me to put my emotions back into my music - it has breathed the creative side back into me - I am working on another album right now amongst all the cancer treatment and will put it on this site as soon as its recorded. The reason I write is cos I love it - it lights my fire and allows me to express my emotions which I hope can help others in some way. I've been re-ignited in a way that I never expected and in a strange way I am grateful for that. I'm hoping for a fab year ahead once all the treatments done and dusted - so here we go again - hope you like the songs - there is plenty

more coming!!! Love Always
