

Mp3 Orquesta Yambo - Renacer

Salsa with a taste of afrocuban style. 8 MP3 Songs LATIN: Salsa, LATIN: Latin Jazz Details: A rough-hewn salsa dura record from Chicago. It looks to classic 70s Fania era salsa for its cues (though it swings over an electric bass). A good party record with a nostalgic feel to it, with good singers cutting through the coro and montunos that have a stretched out modal feel to them. Nice unpretentious production that sounds as if the band's fun to experience live. Recommended. (Peter Watrous, 2005-01-13)descarga.com
