Date: From: Gary McCaffrey & YOURNAME Dear Friend, If you run any sort of content based website or blog, your about to discover how you can instantly start making more money with it, without advertising! Its already been proven that putting contextually relevant ads on your site can mean BIG bucks. And this fact has been made all the more obvious with the success of programs such as Google AdSense. But how many visitors does it usually take before your site makes even \$50 from Google ads? And how much do you think the advertiser makes off YOUR traffic? You can guarantee its a lot more than \$50! Stop Giving Your Traffic Away For Peanuts & Finally Start Getting The Commissions You Truly Deserve! This brand new, revolutionary program combines two of the most powerful income opportunities on the internet, pay-per-click advertising and affiliate programs. And creates a new hybrid breed of website monetization, that simply blows everything else out of the

water. One of the best ways of making more money with AdSense is by making your ads blend in with the rest of your content. Simply put, by making your ads NOT look like ads. However, doing this is against Google's terms and might even get your account banned. Besides, they've made this practically impossible by placing the words Ads by Google on every one of their ad units. Now what if you had a way to automatically and seamlessly embed relevant affiliate links directly into your content, so they just look like regular links to other related articles on your website? Do you think they would receive more clicks? ... you bet they would!! Not only will these links get clicked more often, but every click can give you the opportunity to earn \$100s... per click! Compare that with the measly few cents you earn on your AdSense ads. Now I'm not saying you should abandon AdSense altogether, it's a great way to earn a passive income online. But with this brand new software, your potential affiliate income will instantly shoot through the roof! Introducing The Revolutionary... ConTEXT Ad Generator 2.0
