The most important thing to consider when starting up your own online business is what market (or niche) to be involved in. In this report we are going to discuss how to find a niche market and how you can find profitable niches or small pockets within markets that can become serious income streams. We will show you why you should NEVER find a product BEFORE you find a niche, at the end of the day starting a business in this fashion is the number 1 reason for failure. What we do is very different... we let the hungry buyers come to us - simply by giving them what they want and to do this we look for hungry markets first. That's exactly what you'll be doing once you have read this report for only
