Minimalist/basement tape beauty 11 MP3 Songs in this album (27:44) ! Related styles: POP: Pop Underground, FOLK: Psych-folk People who are interested in The Beatles Animal Collective Beirut should consider this download. Details: Nick Whetro is Icarus Himself. And after leaving Northern Indiana in 04, to relocate to Madison, Wisconsin, he started writing songs and ended up forming the group National Beekeepers Society (a sort of a slacker rock/garage pop group), of which released two albums Self-Titled in 07 and Pawn Shop Etiquette in 08. Today he has taken his minimalist songwriting style and put it through the Pop machine where out the other end came Coffins. Coffins was recorded at Science of Sound (Madison, WI) with the help of Karl Christenson (the other member of Icarus Himself) and members of National Beekeepers Society and Sleeping in the Aviary. Whetro takes the refined distortion of the National Beekeepers and combines it with his wry and quirky vocals to make basement tape beauty which has been compared to the likes of Neutral Milk Hotel, Beach Boys, and Beirut. Past Press: It is the minimal nature of Icarus Himself that makes them so appealing.-Dane101.com
