Discover How A Revolutionary New Tool Guarantees That Your Message Reaches Your Members And Subscribers Anytime, Every Time, And Without Fail As an email marketer myself, I share your concerns about trying to get messages through to your members and subscribers, and even when you accomplish that, getting them opened Taking into account SPAM filters, and lazy or busy readers who dont even open your email, you can reasonably expect only a tiny percentage of your intended readers will ever SEE any given message you send. All it takes is a simple quick install of Contact 'Em and you can rest assured your message whatever it is gets through to your members and subscribers. All of them. Think about it. EVERYONE has a homepage the start page that is visited every time a new browser is launched. And your message will be right there, at the top of your members homepage impossible to miss. Your message will not interfere with their normal homepage. Your member will still be directed to their personal favourite Yahoo, MSN, Google, or whatever. But, the benefit to both of you is that YOUR MESSAGE will appear right at the top of the page. Not large, not blocking anything, but it will be there, right in front of your members eyes, guaranteed to be seen. Take a look at the sales website for all the juicy details...
