Details: Hungarian born Attila Csupo studied music theory and piano in Budapest. He moved to Los Angeles, California in 1979 to pursue his dreams. His first album is the product of many years of playing and composing music that sounds and feels like movie soundtracks with an ambient touch. Emotions played a major role in creating this album. With his legendary hungarian musician friend Joe Laux at hand in L.A. in 2007, he assembled some interesting tunes and began recording. A year later, all pieces fell in place and created "Spanish Eyes". It reflects a state of mind associated with the enjoyment of life and its beautiful creatures. Relationships come and go, however their marks are left forever encased in the sound of music.... When you are ready to sit back and unwind from your daily pressures, slip a copy of this wonderful disc in your player and enjoy the harmonious sounds of Attila Csupo's keyboard adventures.
