Self help and relationship advice from a comedian 30 MP3 Songs SPOKEN WORD: Comedy, SPOKEN WORD: Audiobook Details: D James Taylor (aka Jim Taylor) had to refine his name because there are entirely too many Jim Taylor's running around. He is a stand up comic in Southern California, obviously divorced, and able to tap in to his vast storehouse of knowledge concerning women to be able to produce this cd. Merge that data with his ever growing list of "What not to do" and you have the answers to many of the questions about women that have plagued man for eons. There is no women bashing here, no derogatory comments, no meager belittling at all. Men just need to face the facts that when it comes to women, well, we could really use an operators manual, preferably with lots of pictures, maybe even a centerfold. We men place women on a pedestal, and not just because we worship the hallowed ground they walk on, but because up there its a lot easier to peek up their skirt. Ok maybe not, but still many men are befuddled when it comes to their dealings with the fairer sex. D James produced FAQ About Women to provide some insight into the daunting and complex creature we call woman.
