i i play only pure rastafari roots reggae dub dancehall muzik. always conscious, always cultural. 17 MP3 Songs WORLD: Reggae, WORLD: World Fusion Details: Roots Rastafari Rebel Muzik! Ancient - Futuristic Reggae Rockers Dub Dancehall Hip Hop. Following in the footsteps of their Jamaican Rastafarian Reggae Forefathers spreading the message of One Love to all humanity! ISOULJAHS is a reggae/roots group coming to us from Southern California. Now don't think Long Beach Dub All-Stars or Sublime. ISOULJAHS is more in line with classic reggae acts like Bob Marley, Culture, and Burning Spear as well as influence from dancehall reggae such as Sizzla and Anthony B. The combination of the roots style and the dancehall/ ragga style creates a truly refreshing sound. Since I got my hands on this cd I haven't stopped playing it - it's pretty much been on steady rotation for a week now. You can give a check to the sound of ISOULJAHS in 411 #56 in the Matt Pailes/ Matt Rodriguez roomies section. This is a great soundtrack for the upcoming summer months to get the positive vibrations going - for more info check isouljahs Shawn Zappo, Revolve Skateboard Magazine, (E. Coast Skate Mag)
