Love and murder ballads, ghost stories, and done-somebody-wrong songs. 11 MP3 Songs FOLK: Folk Blues, COUNTRY: Country Blues Show all album songs: Love Monsters Songs Details: You cant get nothing out of your art if it dont sting you a little bit in the process. Thats my philosophy on writing songs. Ive been writing songs and stories since I was 5 years old. Ive been doing it as a job for the past 15 years. I specialize in love and murder ballads, ghost stories, and done-somebody-wrong songs. I love the blues, rock and roll, and country music, and you can tell it when you listen to my records. I hate the term folk-rock, almost as much as I hate what Nashvilles done to country music. Ive put out three records independently, and played every beer joint in the southeast thats worth playing (and a few that werent). I think its always been a bad idea to mix music and business. I think a good woman doesnt come into her own until she veers past 30. I think that people from the South tell better stories than people from probably just about anywhere else. I think that if I ever make any money writing songs then Im going to invest it all into figuring out how to power muscle cars with biodiesel. Favorite things: Live music, playing live music, Muscle cars (especially 65 Mustangs), Appalachian Mountains, Southern Writers (especially Barbara Kingsolver, Toni Morrisson), Southern Accents, and ghost stories To check out new tunes, and to obtain high-res photos, go to myspace.com/laurablackley Look for Laura Blackleys brand new album, Love and Monsters, available at live shows and any decent record store, sometime in 2007.
