

# Mp3 Machine - Off/on

[DOWNLOAD HERE](#)

Pure analog blend of happy electronics, fast drums and childlike wonder (IDM) for fans of: Aphex Twin, Uziq, The Flashbulb, Luke Vibert, Sigur Ros, Radiohead, Lemon Jelly... 26 MP3 Songs ELECTRONIC: Drum 'n Bass/Jungle, ELECTRONIC: Breakbeat/Breaks Details: Machine is a blend of music created by two artists using only analog hardware... One, controlling the drum machine and rythm synth/effects, while the other plays keyboard, xylophone, and samples.. none of our music is made from computers although we love their company and our idol artists use them frequently.. Our biggest influences include Aphex Twin, U-ziq, Radiohead, Sigur ros, Dj Shadow and Squarepusher.. keep in touch with us at Myspace.com/spinmachine and check out new songs posted weekly (There are 13 tracks on each CD.. Off sounds almost ambient while On is more uplifting/quickpaced)
