A rich blend of original acoustic songs, at times haunting and at times rockin', delivered with a smooth angelic voice and the stylings of guitars, both electric and acoustic, fiddle, mandolin, drums, and more. 12 MP3 Songs FOLK: like Joni, FOLK: Modern Folk Details: Madeleine King is a singer/songwriter whose music and personality form an instant bond with her audience. Her Midwestern roots and longtime California home base have found their way into her music, resulting in a mature eclectic style. Madeleine's music covers a wide range from soul-touching love songs to blues and jazz infused get-up-on-your-feet-and-dance tunes. Her debut cd "Feet On The Ground" is a wonderful collection of originals, featuring Madeleine on vocals, guitar and mandolin and a wonderful cast of musician friends. These include Chad Clouse on fiddle, Bob Stolkin on guitar and vocals, Keeter Stuart on vocals, and the amazing Kevin Harris on just about every instrument in the book - bass, drums, guitar, banjo, you name it.
