Techno Details: "Stupid Stickman(MCR)": "MCR" stands for "MysteriousCreatuRe" which is the definition of the word "Kaiju" which is also Japanese for "Monster". "MCR" also means Monster Commander and warrioR and "Monster who Creates Robots". Which means "Stupid Stickman (MCR)" and "Electric Otto" are the same person! Yin and Yang, fighting the battle from two perspective and playing two roles to fool his enemies. "The Rubbastomach": "MCR/Electric Otto's" Right Hand Man, Assistant, Main Muscle and Enforcer. Calm and unpredictable but very aggressive and vicious. Never piss off "The Rubbastomach" or tell him to "Shut Up". He hates hearing "Shut Up". "The Cookie" a.k.a "The Monster Cookie Rampaging": The strongest and most powerful of the Monsters. He is "Stupid Stickman(MCR)/Electric Otto's" Personal Bodyguard and Guardian. He is always very close to where "MCR" is and follows him everywhere. The funny thing is He's always hiding and never comes out unless "MCR" is in great danger.
