Mp3 Rosalyn Jordan-mills - Deliverance

DOWNLOAD HERE

A style all it's own. Reaching the hearts of those who need to heard a word of testimony of God's redeeming power through song. 16 MP3 Songs GOSPEL: Contemporary Gospel Details: In the mirrors of time and space there was a reflection of hurt and pain in her life. Rosalyn needed an answer to her cry. Sixteen years ago there was a God who heard her cry of hurt and pain. Fed up with the life she was leading and going nowhere fast, she knew that there was something better than what she was experiencing at that time. Through the prayers of family and friends, Rosalyn went to a service where the Holy Spirit was moving, people were lifting their hands and praising God and singing songs of worship and praise. This church was Victory Outreach Ministries International. She was brought up in a musical family and sang with her twin brother and sister in churches through out the state of New York, but through time they departed and noone really sang again. She knew God was ready to really begin a work in her life. After realizing that her gift of singing needed to be used for God's honor and glory, she began to minister in her home church of Victory Outreach Long Beach where she stayed for ten years becoming the choir director and worship leader and has remained in the music ministry to this day, ministering in the word and song in other churches as well. Her words are, "I just want to give thanks to my Lord and Savior Jesus Christ for His ultimate sacrifice for me and for His deliverance and keeping power on my life." This album will bring joy to those that hear it and will make you just want to get up and dance in the spirit. Join Rosalyn in her worship and praise to our heavenly Father as this music will make you pat a foot, twist a hip and jump up for joy!
