A rainbow of genres including classic cover songs, hymns and songs authored by Wayne Pascall. All songs are rendered in rhythmic and uplifting acappella music. 18 MP3 Songs GOSPEL: Contemporary Gospel, GOSPEL: Traditional Gospel Details: I am a gospel artist who produces music, acappella style. I sing and vocally produce all the musical parts in my songs. All the music and sounds in my albums have been produced by THE HUMAN VOICE and ANATOMY. The human anatomy is used to produce percussion sounds such as clapping, finger-snapping, beatbox sounds and vocal percussions. In this CD, I have used the human voice to produce music in a variety of genres. This album features both Gospel and secular music. The secular music I have chosen are inspirational in some way, and I have rendered them either as tributes to the original artists or as spiritual adaptations of the original songs. I hope that these songs will bless you in some way as they have blessed me in singing them. Peace!
