Who Else Wants To Spend Less and Earn More Using Free and Low Cost Viral Marketing Website Promotion Tactics? from: Timm R. Miller Let's get right to the point - okay? How would you like to roll out a no-cost low-cost marketing campaign today - just one time - for any offer you choose - start seeing results quickly - and still see results coming in from that campaign 6 months - 12 months - even YEARS from now with no further effort on your part? Sound too good to be true? Well - it isn't! That's How Viral Marketing Works A well planned viral campaign will run through the Internet like a cold in a kindergarten. Then it keeps on running for months or years - like that rabbit with the drum! (Oh - pardon the cliches!) In other words - unlike traditional ad campaigns - a viral campaign doesn't reach a deadline and then fizzle. Instead it continues to spread and gets more powerful as time goes on! But on the other hand Traditional Marketing is a Never-Ending Daily Struggle! Every day poses the same old question: "What will I do today to promote my online business?" And every day ends up with you stuck in the same old grind placing ads, managing pay per clicks, sending emails, begging for link swaps, joint ventures, and article placements. Sure, if you keep your nose to the grind stone - you will get "some

results." But is it really enough? (And who likes a bloody nose anyway!) Are you getting a good return on your investment of time and money or are you exhausted, frustrated, and your business is having a cash hemorrhage? Are you living the lifestyle you dreamed of when you started your business or have you just built yourself another JOB? If all this is hitting close to home Then No-Cost Low-Cost Viral Marketing is Your Solution Increase Your Business on a Shoestring Budget With Powerful Viral Marketing Strategies! Think again about being relieved once and for all from the daily marketing grind about having more time to do the things you want to do! Isn't that what having a business of your own is all about? We've all seen pictures on the Net of Internet marketing gurus taking exotic trips, floating around on million-dollar yachts, lolling on the beach, driving expensive cars and playing golf at 10 in the morning (instead of working their tails off!) Do you believe that you deserve to live that lifestyle? Do you ever wonder "What does that guy have that I don't?" re.
